DESCRIPTION & DETAILS

The following ring is a mixture of Sterling silver 925 and 9 Karat Gold. The gold is being hand weld into the silver by skillful craftsmen, and offers the best quality in Israel. Please note the gold is 9 karat gold and not plating. Our silver is nickel and lead free. Please note you can select any type of gemstone regardless of pictures. If the gemstone you require isn't in the gemstone selection charts please contact us and we will check if we can do the following ring with the gemstone of your choosing.
