DESCRIPTION & DETAILS

Your name is engraved on jewelry made of 925 sterling silver and plated in 14K gold or platinum 4 microns thick, as well as a special transparent electroplating layer that gives the coating unique wear-resistant characteristics. Our galvanized coating is unique and surpasses all world analogues in quality. We give a reliable guarantee against abrasion for two years of continuous operation. Before placing an order, a comment window will appear in the checkout menu, please write the name you want to engrave, as well as the color of the plating: gold or platinum. It is also possible to replace the font of letters in the spelling of the name. Each order comes with a 42 cm silver chain as a gift. When choosing a photo for engraving on jewelry - just send us the required photo and we will engrave it on the jewelry. You can buy the exact same piece of jewelry, but with the usual oxidized finish for added expression, from our collection of names in the SILVER NAMES category.
